KUALA LUMPUR
SYDNEY

LOCATION SENSATIONS IN THE HEART OF EVERYTHING

Since the opening of its first hotel in 1957, Federal Hotels International (FHI) has been at the forefront of the Malaysian hospitality industry. In fact, that first hotel, The Federal Kuala Lumpur, was the city's first international-class hotel, built in the months preceding the nation's declaration of Independence from British colonial rule and opened for business just three days before Independence Day, 31 August 1957.

Over the years, The Federal played host to world leaders, foreign dignitaries and celebrities. Today, the hotel is a beloved historical landmark in Kuala Lumpur. Its premier location along Bukit Bintang Road, in the City's Central Business District, makes it the preferred hotel of tourists and business travellers alike.

In 1997, the FHI Group spread its wings internationally in Australia. The Grace Building had been a Sydney landmark since the 1920s when it was built by the Grace Bros. retail empire and remains one of the city's most prominent examples of pre-war architecture. The Group gave this beautiful Neo-Gothic building with an Art Deco interior a new lease of life by transforming it into The Grace Hotel.

The Group opened Hotel Capitol, also in the Bukit Bintang area, in 1997. Hotel Capitol won the 1999 Malaysian Interior Design Award-winning. Even more important, it has won many fans amongst business and leisure travellers with its refreshing concept and high levels of service.

Merdeka Suite, The Federal Kuala Lumpur

Hotel Capitol also pioneered the 10ROOMS concept, which is based on the understanding that there is a class of discerning hotel guests traveling on business or pleasure, who desire a more unique experience when they book a hotel room. Each of the 10ROOMS is unique in size, layout and décor. The only features they have in common are luxurious comfort, a cool, contemporary ambience and spectacular views of the city.

Whether you are traveling, for business or pleasure, you will enjoy warm hospitality, excellent facilities, strategic locations - that's the FHI promise.
